REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: Claims 1-10 are allowed because the arguments presented in the response of 6/09/04 are persuasive. While it is true that Elgarhy et al. teach applying the stainblocker by a padding method, they do not teach or suggest the specific time (5 to 30 seconds) and temperature (about 70-95 degrees Centigrade) as claimed. Elgarhy et al. teach an application method for the stainblocker comprising foaming at ambient temperature and drying at 120 degrees Centigrade or exhaust application for about 20 minutes. Applicant mentions both prior art methods in the specification. See pages 2 and 3.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
